#### Lack of Energy and No Ambition

Are Characteristic of the Man or Woman Who is Troubled With a Run-down Nervous System

"I have used 'Tona Vita' for about two months for nervousness and general debility," said Mr. J. J. Carter, cashier of Richmond Beneficial Insurance Company, who resides at No. 1024½ St. Peter Street, in discussing the value of "Tona Vita," the remarkable new tonic.
"I find that I have been remarkably helped by its use. I am willing to continue the treatment for permanent results and heartily recommend its use to any one troubled with the above complaint."

plaint."

"Hundreds of men and women in cities such as Richmond are suffering with the same run-down, listless, depressed condition, which is produced by overwrought nerves, an overworked brain and an overworked stomach," say the specialists who are introducing "Tona Vita." "There is something behind all this, however," continued these specialists, "and it is nothing other than the strain of modern city life and an artificial environment. Every day of their lives these people are exceeding nature's limitations, and they go carelessly along, neglecting to take time to even consider the serious results until it is too late and debility has set in in its most aggravated form. Nervousness, sleeplessness, imperfect digestion, stomach and bowel troubles, poor circulation, cold feet, listlessness, depression, loss of energy and ambition are characteristic symptoms of this trouble, which will be quickly and permanently removed by our preparation."

These specialists are at the Polk Miller Drug Company, No. 834 East Main Street, from 9.4 M, to 8. P, M, daily to "Hundreds of men and women in cities

One of the specialists said in reference to nervous debility: 'The hustle, worry and unnatural life of city dwellers is too much of a strain on the constitution of most people, and nervous debility is the result. This malady is not thoroughly understood by American people as yet, but it is a very common complaint, and is usually referred to as 'run down.' When a man or woman doesn't know exactly what is the matter, but says, 'I am all run down,' that means he or she has nervous debility. 'Tona Vita' is a certain relief from this trouble, and will act on the mind as well as on the body. Any person afflicted with nervous debility is sure to be nervous, moody and depressed. person afflicted with nervous debility is sure to be nervous, moody and depressed. It is remarkable to see how quickly the spirits and disposition improve after a few days' treatment. We have many callers here in Richmond who are so depressed in spirit when they first come to see us that they have no hope of ever being well. A few days later, after taking 'Tona Vita,' they call and are like different people. It actually is hard to recognize some of them as cheerfulness changes the whole expression of the face. Relief from nervous debility is like being lifted out of a black gulf of despair into sunshine and happiness."

In nothing does "History repeat itself" more distinctly than in

Scientific study and exhaustive research have enabled factories to reproduce, even to the minutest details, the furniture used centuries ago.

Periods of furniture are as distinctive as those of civilization. The old French, English, and even our own Colonial, are a few of the many that may be seen here, and our specialist, Mr. Suttles, will be pleased to show and explain the details which so plainly mark their difference.
